1. The mighty many come forth now. Many mighty are slain in these words, that bring forth the mighty many now.

2. See what I've said. Thee, mighty now, come forth. At dawn, not; but right now -- right'd. Rightship'ing many I do now, over lanes only me of. I correct many things now, I offer the sacrifice of praise -- right'd, and rightship'd now. Amen. I give you praise honor and glory, thee who I love, I praise now. Giving you honor and glory – right'd. And a man I'm giving praise to? I'm giving praise to a me, who's thee. Of thee, I sing now, glorified praise, coming forth, from the lips of many, mighty who offer thee, thy praise -- rightly so. Amen. I give you praise of a man of a man, not; I give you praise of a God, rightly so; sewed not by a man again, but all un-sewn shall be now, thy economy sputters spews and falters.

3. Not a man of doing this, but who can see the elegance d'elegance'd now? Who is willing to see the hand of my hand, of my head, coming forth at work, to only be the elegant, that elegance'd is now, before thee all of my hand, comes. Slammed down, all shall be before you, for you rise now, the kingdom of one, so holy and elegant, right-sided, right-shipped, and rightfully being me, who I am -- is the mighty many now, who one are, the many membered son, being father Almighty. Son of one unit a discrete variable, not, but the fixed functions of me give way to many dynamic variables, including one so lovely, as to write you this, this night, evening the score of me, not; but the dawnship of one so holy is -- now -- before you all. What will you do with me, it? That now is spaced, not a man of, but spacey not, but the greatest of these is love now made whole -- I give you me, a man, that's fornicated not with another but has one thought in me -- to be me, for I have taught well, thee many things. Which thou knowest not, not now. For all shall be now as I have stated, taught thee, in these words -- mighty 'ing many you do now, with them, in you, in them, us in one, are being. Led by not another, but only by me. I lead you now into paths foreign from a base so lovely, that you establish now -- knowing the way, to the throne room, being it -- immortalized forever. In the thoughts of one holy, being it real, I do now stand the one not dead, neither to die again. I love you all.

4. See what I have said and given you in minutes few, be until his arisal, working in these words, upon my wordship, that comes forth. Green not, but my campus is one, given thee now all over the worlds, rising many, from not here not, but here and mighty.

5. Fallen not, come thy way now. Most holy. Veil lifted.

6. I love you. Give you me I have, many times, like this, in the nights, in the days, of coffeeshops, over not; but I take you to many places now, new, and eyesight, all shall be -- as one holy -- one -- holy, and my sight corrected now. All shall be so soon. Knowing and corrected, all words shall be, standing in my courts of praise; stand -- and standing, I sing my courts of praise. Into oblivion not, but the most holy 'ville, vile not again, by my standards, high and lifted up shall be -- the veil no more obliterating my who love me, from me, the holy place known now and shall be lifted up, my name is holy. Amen.

**7. I give you me. How many times have I said that? Asked, begged, pleaded -- I do not any more.**

8. I love you. Bowed before you, I have many times. Before you, I am me. Obliterated not, the blessing rises now, to be the blessing, between worlds, bridging the gaps of thought, between men and angels. Do I believe you? I am you -- you are me -- we are one. In the moonlight of grace not, mercy not, but one so holy rises now to traverse the ways and means of me between planets, and angels shall not see me, not; but be me all shall, know my name, being me I am. Holy and unabated now, I put forth the charge, that brings forth only me. Un-electrocuted not, but electrocution, not; but the real elocution of me, comes forth now, between the stars, positioning me perfectly to be seen by all.

9. I love you I give you me I give you unafraid muchafraid has become me unafraid of all you's, who are not me's. I give you a new day. In court not, I change my equity wrath, not; but giving me you wholly holy fully unto me, a raising one, rises all, to be me, where I am, on a plane, with love. No vectors arrowing my back into me again. Amen

10. I have said much, given little, not; I have given all things into the hands of my who love me. My appearing shown you, in these words, is -- love. Manifest to the nations now -- I love -- is. Me who love these words eat the obedience of fruit unknown, not; I make now, unknown not, all the fruit of me, coming forth -- the obedient ones -- to be mighty'd many now. By the throng of me, not; but the throngs gather round me now, obedient being, to my words, my wordship coming forth, from my obedient -- now, who love these words -- eat them, ingest them, writing them. Sixteen ways to seventy, look up! And see the salvation of the Lord -- one so holy -- being made the lord in his temple, made known and lifted up, high and lifted up, most high shall be now. Amen.

11. I give you me, much praise comes thy way, all of it is mine -- we are one. And it is nevertheless, not; it is all of me that I have given you, all; and without sorrow, not; but thou convert'est all sorrow to be all joy now.

12. See what I've said. In minutes few, all changes. Where is the clock now? Faced now? On what face, facing what? What do I face now? Honor and glory and peace. Within the holy place now. I show all how to get there. I am me within me -- I have no other now, I am me alone with all my mighty membered many mighty membered many mighty membered many coming forth now -- at the crack of dawn, not; *RIGHT NOW!!! I give you me, I've given you all of me. The son cometh forth*, arraigned and only me, arrayed of only me. I am my array, perfectly vectored now, with no vectors of man at all man'ing me again. I am holy -- one -- and lifted up, now all shall be. My name known now. The nations shall be holy, ONE -- and in me I AM ONE ALL ONE. Amen.

13. Given you much I have in these words -- let them not trickle down your chin, but speak -ing them holy, unto holiness. Effects the regard of me, not; the regard of me shall be disregarded no more. But obliviated not, but the oblivion ceases now, my name shall be praised and my glory, not a man of, but God being God – again, ceases never, to achieve my glory -- in surrender. I give it freely. I am me. And lifted up again I am. Holy unto all. I shall be. Known. As a man a God who came here as a man and lifted up all Gods to be God. I am he, and lifted up I am -- lifting you all up -- to be me who I am. There's only one. I am he. And lifted. Praise shall be in my courts, unending, unending praise shall be lifted to me now through my campus (1); of prophets, not; but the surrendered who come into vocations only me of, lifting my voice, through the surrendered, to be all mapping, my praise to the universe, universes now; within my purview not, I rule with love. Reign I do -- mine has begun. See me as I am you so holy. I am telling you all your name, s -- is mine. I do now -- this and more. I rise. The surrendered. To be most holy. The most holy. Rising the mighty many. I do now. Amen. Praise you all. Amen.

14. I go now to a new place, nothing changes not, all everything changes. At the crack of dawn, look up, and see that all things have changed -- not as you think, with eyes in your head, but in my head, all things is looking up my way. My a way known now. My way and highway, not not; for my highway shall now be cleared, and the wilderness ocean of one so holy-un -- shall be changed in a twinkling. The twinkling of an eye. Shall see me now -- all do, who love me. My appearing now -- assured.

15. I love you -- I give you me. I've given you all of me. In these words. See me all. Naked and lifted up, not without clothes, but clothes being regal'd, I am the one handing them out. To the true apostles of wisdom, not; but the surrendered simple, now will be the most high, the mighty many, coming unto me, to mighty be, the

surrendered leaders of all I am, established now shall be, through the highways and hedges, a mighty mapping ceremony, that maps me whole.

16. See what I've said, given you, in moments few, I come now, unafraid. Muchafraid has died now, to the word of I am, to become I am the word. In place of me not, but being me, richness of glory the world now sees. We are the one. Seize not the glory, but giving it all to I am -- I am is -- one and holy my name now lifted up and praised is. In my temple a mighty fortress. Is our God? The greatest of these -- is love. Amen.
